Steel Fixed Gantry Crane with V-Groove Cast Iron Casters 20 Ft. 2000 Lb. Capacity Blue

MODEL FHS-2-20-VG

Overhead Lifting / Fixed Steel Gantry Cranes with V-Groove Casters

PRODUCT OVERVIEW

The fixed height steel gantry crane is designed for transporting and positioning materials along the beams length. The solid steel construction will provide years of service, while the painted blue finish will keep the models protected from surface ware. Unit comes standard four (4) V-groove casters, allowing for quick movement and positioning adjustments. The unit is an economical and efficient way to lift and raise products, diminishing the need of additional personnel. The fixed height design allows for constant use in a particular setting without the need to maneuver the overall height of the unit.

KEY FEATURES

- Sleek painted finish
- Heavy-duty welded steel construction for long lasting use
- Beam length allows for use with items, both large and small
- All units comply with applicable OSHA 29 CFR 1910 179, ASME B30 17, ANSI Z535 4 specifications
