Steel Open Sided Hopper Solid Deck 2,000 Lb. Capacity Blue

MODEL H-FBSD-4896-2

Fork Truck Attachments / Flat Open Side Hopper

PRODUCT OVERVIEW

A flat open-side hopper is an asset to a number of facilities, from manufacturing to maintenance. Constructed of steel for long term use throughout the harsh environment of material handling. An open sided design allows the users to load and unload from 3 sides. The unit is easily attachable to a forklift by utilizing the fork pockets. Once in position the hopper may be tilted to unload by a simple pull of cable. This easy unload able design maximizes productivity by eliminating the manual unloading labor.

KEY FEATURES

- Solid platform
- Large capacity for heavy loads
- Painted finish
- Sizable surface area for long and wide items
