Steel Low Profile Self Dumping Hopper .33 Cubic Yards 2,000 lb. Capacity Blue

MODEL D-33-LD-LP

Fork Truck Attachments / Low Profile D-Style Self Dumping Hoppers

PRODUCT OVERVIEW

This low profile Hopper is the perfect solution for loading and unloading large and small items. With a steel construction, the hopper maintains an enduring strength throughout the strain of consistent daily use. The manual release feature gives the forklift driver the ability to never leave the driving position, which allows personnel to stay at a safe distance throughout the dumping process. With a low profile design, the visibility of items and surroundings can be maintained throughout the loading and unloading of products. Must be attached to fork truck when unloading.

KEY FEATURES

- Contoured edges for free flow of items
- Pull chain release for quick dumping
- Enclosed fork pockets
- Safety restraint for added security
