Aluminum Heavy Duty LED Loading Dock Light 24 In. Length Yellow

MODEL LL-HD-LED-24

Loading Dock Equipment / Heavy Duty LED Dock Loading Lights

PRODUCT OVERVIEW

Rugged, heavy duty LED dock loading light provides brighter light than an incandescent light source while only using eighteen (18) watts of power. Encased in a cast aluminum housing with shatterproof polycarbonate lens cover, this unit instantly reaches maximum light output. Light head is up66 rated; can be sprayed down. UL listed. Light bulb included.

KEY FEATURES

- LED light provides brighter light while only using 18 watts
- Shatterproof polycarbonate lens instantly reaches maximum light
- Light head is IP66 rated and can be sprayed down
