Aluminum Heavy Duty Electric Fuel Pump 115 Volt AC Powered Up to 13 GPM

MODEL PUMP-HDE-115

Facilities Maintenance / Heavy Duty Electric Fuel Pumps

PRODUCT OVERVIEW

High flow electric fuel pump, explosion proof, 12V DC, 20 GPM. Includes 12' x 1" hose, manual fuel control nozzle with built-in swivel and 15' power cable. Heavy duty industrial grade high flow fuel pump designed for everyday use in agricultural, construction, automotive and industrial applications. Rain and weather proof for tough outdoor use. Lightweight, yet strong non corroding aluminum die cast construction. Gear pump design using precision sintered metal gears. Geared construction makes the pump tolerant to contaminants in fuel; in addition to offering tremendous suction and minimal noise. Duty cycle: 30 minutes on/30 minutes off.

KEY FEATURES

- Rain and weather proof
- UL listed motor
- Internal bypass valve
- Sintered metal gears
