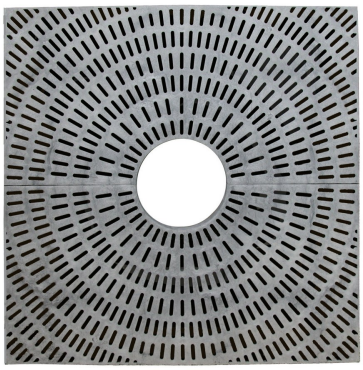
100% Recycled Plastic Tree Grate Square 60 In. x 60 In. x 2 In. Black

MODEL TG-5S-BK

Facilities Maintenance / Tree Grates



PRODUCT OVERVIEW

The tree grate is the perfect addition to any facilities landscaping resources. The grate provides safety to the vegetation while maintaining the quality of the surrounding environment. The units are available in a square shape to better fit the users landscaping needs. With a lightweight design the units are able to be easily installed without the use of additional personnel. As the tree grows, the inside grate diameter can be expanded for a better fit.the Size can be changed easily for the inside tree hole. The material cuts similar to wood. The outside is easy to cut, but the strength can change if it is not cut in a circular pattern. For best use, place each half of the grate around the tree on a flat surface and lock in place with the include...

KEY FEATURES

- Lightweight for simple maneuvering
- Durable construction throughout all conditions
- Diminishes landscape maintenance times
- Simple one person installation
