Steel Tote-A-Load DC Powered Fork Size 21 In. x 43 In. 2,200 Lb. Capacity Yellow

MODEL TAL-220-DC

Ergonomic Solutions / Tote-A-Loads

PRODUCT OVERVIEW

The Tote-A-Load is designed to lift open bottom skids, boxes, and baskets. The battery operated lift is ideal for positioning products at workstation heights for increased productivity. The up/down lever control is conveniently located on the power unit. The DC power unit includes on-board charger. Polyurethane swivel casters with brake are standard.

KEY FEATURES

- Designed to lift open bottom skids, boxes, and baskets
- Position products at work heights for increased productivity
- Up/down lever control is conveniently located
- DC power unit includes on-board charger
